REBUILDING THE HEART OF THE RESCUE

April 3, 2021, there was a devastating fire at Aiken Equine Rescue. Our barn, paddocks, medical room, office area and all contents... were burned to the ground. We lost the "heart of the Rescue" but not the passion to continue our mission to rescue, rehabilitate and rehome, abused, neglected, abandoned and unwanted horses.

We are embarking on a Capital Campaign to raise \$450,000 to rebuild the "heart of the Rescue". Our plan is to build a 4,640 sq. ft. facility; office, meeting room, tack room including an 8 stall barn with turn-out paddocks. Our new facility will ensure the future of our rescue, providing the security and care required by our horses. As part of our Capital Campaign, businesses, schools, civic organizations, families, and individuals are invited to purchase a customized brick or tile. Your personalized brick or black granite wall tile will be a visible landmark of your commitment to a place of rescue for horses needing second chances.

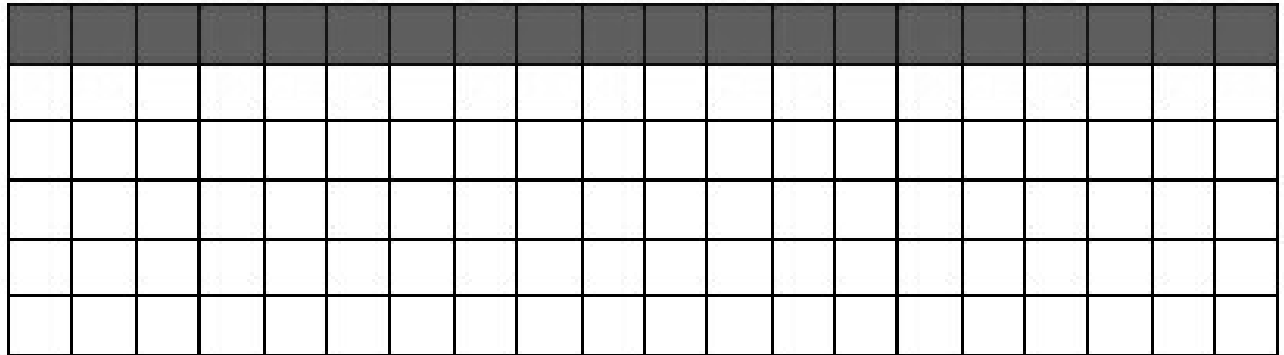

The bricks pave the entrance and aisle of the new building welcoming everyone who visits the Rescue. Engraved granite tiles will be available and placed on each wall, framing the entrance of the barn.

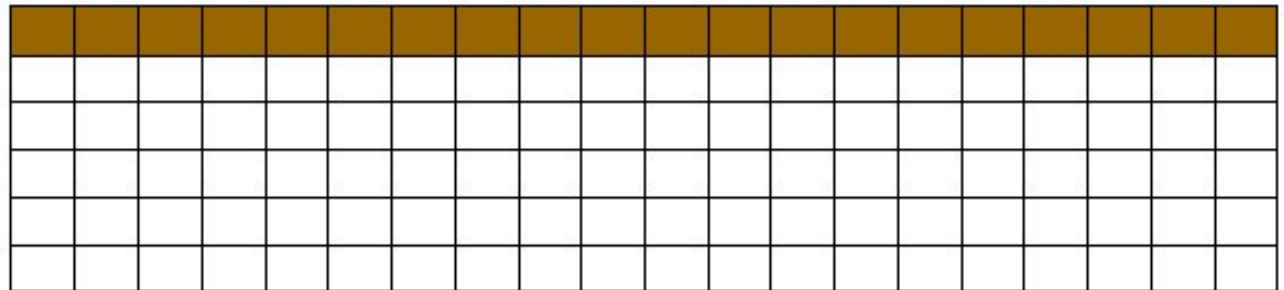

4" x 4" Black Granite Replica Tile
